You will also be acquainted to the Khasi their culture and economy. A trek to the nearby Rewai Village is another interesting activity. Walk down a flight of almost 100 steps to witness nature's wonder, living-root bridge. The bridges are tangles of massive thick roots, which the local people inter-twine to form a bridge that can hold several people at a time. The root bridges, may be up to over a hundred feet long and take ten to fifteen years to become fully formed but they become very strong in the process. The bridges live and keep growing and strengthen over time. The useful lifespan of the bridges is thought to be 500-600 years. Later drive to Dawki, a village of the Jaintia community whose prime occupation is fishing. Be mesmerized by the beauty of the Umngot river, the venue of the annual boat race held during March - April at Umsyiem. The Umngot itself is a prime fishing spot for the fishermen of the villages. The river is also famous for its crystal clear water, so clear that when seen from a distance, it appears as if the water is floating in mid-air! The Umngot river is the natural boundary between Ri Pnar or Jaintia Hills with Hima Khyrim of Khasi hills over which a single span suspension bridge was constructed. This is the gateway to Bangladesh where major export and import transactions take place. Enjoy an amazing country boat river ride. Drive up to the Bangladesh border. Later proceed to Shillong for overnight stay.
